## **to the best party-line telephone service**

Help yourself? Of course! You can get the greatest value from a party-line telephone by doing a few simple things:

1. Remember to hang up quietly if the line is in use when you try to call. Wait awhile before trying again.
2. Keep your calls as short as possible. That gives the other fellow a chance to make or receive calls.
3. If you have children, teach them party-line telephone courtesy.

Your skillful and considerate use of your party-line telephone will encourage others to do the same. Result: Best service!
