SERVICE DIFFICULTIES

TO give uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. Our aim is to render a service that will be satisfactory to our customers. We realize that difficulties will sometimes occur despite all our efforts to avoid them. If service is unsatisfactory, prompt report should be made of it to the Supervisor. Do not report unsatisfactory service to the operators, as conversations, by operators, beyond that necessary to complete connections, impair the service. Reports of unsatisfactory service should be telephoned, not written, as a more satisfactory investigation is possible when an immediate report is made to the Supervisor.

General Information

Moves and Installations

Applications for new service, changes in or additions to existing service or equipment, may be made at our business office, by telephone, in person, or by mail. If you want your telephone moved, or a new one installed, tell us when it will be most convenient. Our policy is to make definite appointments, and keep them, too. Ample notice, preferably five days, particularly around April 1 and September 1 when many families are moving, should be given to prevent interruptions or delays.

Bills and Payments

Bills are rendered monthly and upon presentation are payable at our business office by mail or in person. They cover both service and long distance charges for one month. Prompt payment of bills is requested. If bills become delinquent, service may be denied. When service is denied because of non-payment a charge is applicable for restoration of service.

Directories

This telephone directory is issued by the Southwestern Bell Telephone Company and remains the property of the Company. No binder, holder, or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company. Directories are not to be mutilated and are to be delivered to the carrier who leaves the new directory.

It is for the subscriber's benefit that all old directories are collected by the carrier when new issues are delivered. Numbers are frequently changed and the use of obsolete copies results in calling wrong numbers. If you do not receive the new directory, or if additional copies are needed, call or write the Business Office.

Errors in This Directory

While every effort is made to improve each issue of the directory and to eliminate all errors, yet the Company does not assume any liability because of errors and omissions that may occur in this directory. Occasionally, however, errors will be found. It will help if you will check your own listing in the directory, and if it is incorrect in any way, call the Business Office, so that it will be corrected in the next issue. To lessen the possibilities of error it will be helpful to report any changes in listings as soon as their need becomes known instead of waiting until near the closing date. This will avoid the possibility of waiting too long, and not getting the change in the next directory.

Advertising Telephone Numbers

Business firms often find it useful to place their telephone numbers on stationery, cards, and advertising. We recommend doing this, but the growth of the city and the corresponding growth of telephone facilities sometimes requires the change of numbers. It is therefore suggested that such stationery and cards which show the number not be printed in quantities that would involve a loss due to changes that might be necessary as a result of the number being changed with a subsequent directory.

Firms who have more than one telephone number will receive the greatest benefits from their service if the numbers are grouped or consecutive, and only the lowest number of the group is advertised.

Visits to Exchanges

The Company invites those interested to visit the exchanges on any day, except Sunday and holidays between the hours of 8 a. m. and 5 p. m. The operation of a switchboard and other features of the telephone business will, we believe, prove of interest. Just ask for the Chief Operator.

How to Make Out of Town Calls

Decide first whether the lower priced "Station-To-Station" service can be used or whether the higher priced "Person-To-Person" service is necessary. To help you decide, these calls are explained below.

How to Place the Call

Station-to-Station Calls

A station-to-station call is one on which you talk to anyone who answers at the called telephone. The rate on a station-to-station call is lower than the rate for a call to a particular person.

To place a station-to-station call, call Long Distance, and when "Long Distance" answers give the operator your call.

If you know the number, say, for example, "I want Pine Bluff, Arkansas, 4568." If you do not know the number, say, for example, "I want Rogers, Arkansas, John Doe's residence at 1422 Swiss Avenue," or "I want Little Rock, Arkansas, the Cosmopolitan Hotel."

If you know the number of the telephone, give it to the long distance operator. It will speed your service materially. "Information" will be glad to supply numbers in principal cities on request.

A three-minute connection is allowed before "overtime" charges begin.

Features of Station-to-Station Calls

1. They are completed more quickly.
2. The rates are less than on "person-to-person" calls.
3. There are no report charges on "station-to-station" calls, except in the case of collect calls not completed because of the refusal of the called party to accept the charges.
4. Rates are reduced after 7 p. m. if initial period rate exceeds 35 cents. The time of day at the originating point when conversation starts determines whether the day or night rate applies.
5. Charges begin when the called telephone is answered.

6. Charges may be "reversed" without any change in rate when the rate is 25 cents or more. A slight additional charge is made when the initial rate is less than 25 cents.

Person-to-Person Calls

A person-to-person call is one on which you talk only to a particular person. The rate on a person-to-person call is higher than the rate on a station-to-station call.

To place a person-to-person call, call Long Distance, and when "Long Distance" answers give the operator your call. Example: "I want Ft. Smith, Arkansas, 6789, Mr. Jones," or "I want Helena, Arkansas, Mr. James Warren at 1604 Fremont Street."

If you know the number of the telephone, give it to the long distance operator. It will speed your call. "Information" will be glad to supply numbers in principal cities on request.

The charges can be reversed.

A three-minute connection is allowed before "overtime" charges begin.

If the called telephone is reached but the call cannot be completed because the person desired is not available and cannot be reached elsewhere, a nominal report charge is made to compensate the Telephone Company for the work done on the call.

Collect Calls

If the charges on the call you are placing are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges if accepted at the distant telephone, will be billed to that telephone.
