DIAL "O" (Operator)

For Long Distance To Report Trouble
For Dial Assistance For Information
To Report Unsatisfactory Service
For all other telephone business matters Dial 621

SERVICE DIFFICULTIES

TO give uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. Our aim is to render a service that will be satisfactory to our customers. We realize that difficulties will sometimes occur despite all our efforts to avoid them. If service is unsatisfactory, prompt report should be made of it to the Supervisor. Do not report unsatisfactory service to the operators, as conversations, by operators, beyond that necessary to complete connections, impair the service. Reports of unsatisfactory service should be telephoned, not written, as a more satisfactory investigation is possible when an immediate report is made to the Supervisor.

SOUTHWESTERN BELL TELEPHONE COMPANY

Copyright 1941 Southwestern Bell Telephone Company

HOW TO USE YOUR DIAL TELEPHONE

Suppose you want to call number "3011"

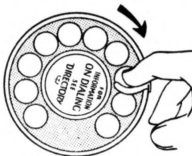

1. Lift the receiver to your ear and listen for the "dial tone," a steady humming sound.

2. Place your finger in opening on dial where you see the figure "3." Pull the dial around until your finger strikes the stop.

3. Remove the finger and let dial spin back. Do not interrupt the return of the dial, as connection is set up as it returns to normal position.

4. Do the same for each of the remaining figures, "0," "1," and "1," in the telephone number.

When you have finished dialing the number, the bell of the telephone you are calling will ring. You will know this by a "burring" sound.

If the line is in use you will hear the BUSY SIGNAL. This is a "buzz-buzz-buzz" sound. If you hear this, hang up the receiver and try dialing later. If you make a mistake in dialing, hang up the receiver. Wait a few moments and dial again. Don't hurry. Take the time to dial correctly.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

City Telephones

1. Lift the receiver and listen for the "dial tone."
2. Dial "0" for the operator.
3. Say: "Will you call a party on my line?", and give her the listed number. Hang up and she will ring the party for you.
4. Wait a short period after hanging up; then pick up your receiver and talk.

Rural Telephones

1. Lift the receiver and listen for the "dial tone."
2. Dial the listed number.
3. Hang up your receiver. Ringing will not begin until you replace your receiver.

4. When your telephone stops ringing, it means the other party has answered. Pick up your receiver and talk. If your telephone continues to ring, it means the called party has not answered. To stop the ringing, just lift your receiver for a few seconds. Then replace it.

Suggestions for Party Line Subscribers

If you hear successive clicks, another subscriber is dialing; wait until he has finished and then tell him that you have interfered with his dialing and hang up your receiver. Should you hear another party come on the line or hear successive clicks in the receiver after you have dialed, it indicates that the other subscriber is trying to call. Inform him that the line is in use and request him to hang up his receiver.

General Information

Service Applications, Changes and Discontinuances

Applications for new service, changes in or additions to existing service or equipment, may be made at our business office, by mail, in person, or by telephone. Ample notice will help us move telephone equipment so that service will be practically uninterrupted. Because a large number of telephones are moved, it is desirable that subscribers give sufficient notice before moving. On account of the unusual number of moves in Spring and Fall months of the year, more than ten days' notice should be given.

Bills and Payments

Bills are rendered monthly and should be paid within fifteen days of the date of the bill at our business office, by mail or in person. The bills will cover both local service and long distance charges for one month. Payments by mail should be accompanied by the bill stub. Regular and prompt payment will protect your credit.

Proper Use of "Customer Service"

Customer telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the customer, his family, his guest, employees or business associates, or persons residing in the customer's household, except as the use of the service may be extended to joint users. The Telephone Company has the right to refuse to install customer service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the customer may make use of the service. At such locations, however, customer service may be installed, provided the instrument is so located that it is not accessible for public use.

Directories

This telephone directory is issued by the Southwestern Bell Telephone Company and remains the property of the Company. No binder, holder, or auxiliary cover, except

such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company. Directories are not to be mutilated and are to be delivered to the carrier who leaves the new directory.

It is for the subscriber's benefit that all old directories are collected by the carrier when new issues are delivered. Numbers are frequently changed and the use of obsolete copies results in calling wrong numbers. If you do not receive the new directory, or if additional copies are needed, call or write the Business Office.

Errors in This Directory

While every effort is made to improve each issue of the directory and to eliminate all errors, yet the Company does not assume any liability because of errors and omissions that may occur in this directory. Occasionally, however, errors will be found. It will help if you will check your own listing in the directory, and if it is incorrect in any way, call the Business Office, so that it will be corrected in the next issue. To lessen the possibilities of error it will be helpful to report any changes in listings as soon as their need becomes known instead of waiting until near the closing date. This will avoid the possibility of waiting too long, and not getting the change in the next directory.

Advertising Telephone Numbers

Business firms often find it useful to place their telephone numbers on stationery, cards, and advertising. We recommend doing this, but the growth of the city and the corresponding growth of telephone facilities sometimes requires the change of numbers. It is therefore suggested that such stationery and cards which show the number not be printed in quantities that would involve a loss due to changes that might be necessary as a result of the number being changed with a subsequent directory.

Firms who have more than one telephone number will receive the greatest benefits from their service if the numbers are grouped or consecutive, and only the lowest number of the group is advertised.

How to Make Out-of-Town Calls

Reduced Night and Sunday Rates

After 7 o'clock every night, and *all day Sunday*, long distance rates are reduced on both station-to-station and person-to-person calls, except on calls to nearby points.

The table of long distance rates on the inside front cover of this directory illustrates the saving possible by making your calls after 7 p. m., or on Sunday. The Long Distance operator will be glad to give you the rates to any point, without obligation.

Station-to-Station Calls

A station-to-station call is one on which you talk to anyone who answers at the called telephone. The rate on a station-to-station call is lower than the rate for a call to a particular person.

To place a station-to-station call, call Long Distance, and when "Long Distance" answers give the operator your call.

If you know the number, say, for example, "I want Pine Bluff, Arkansas, 4568." If you do not know the number, say, for example, "I want Topeka, Kansas, John Doe's residence at 1422 Swiss Avenue," or "I want Little Rock, Arkansas, the Cosmopolitan Hotel."

If you know the number of the telephone, give it to the long distance operator. It will speed your service materially. "Long Distance" will be glad to supply numbers in principal cities on request.

A three-minute connection is allowed before "overtime" charges begin.

Station-to-station calls are completed more quickly, and the rates are less than on "person-to-person" calls.

Charges begin when the called telephone is answered. Charges may be "reversed" without any change in rate when the rate is 25c or more. A slight additional charge is made when the initial rate is less than 25c.

Person-to-Person Calls

A person-to-person call is one on which you talk only to a particular person. The rate on a person-to-person call is higher than the rate on a station-to-station call.

To place a person-to-person call, call Long Distance, and when "Long Distance" answers give the operator your call. Example: "I want Ft. Smith, Arkansas, 6789, Mr. Jones," or "I want Helena, Arkansas, Mr. James Warren at 1604 Fremont Street."

If you know the number of the telephone, give it to the long distance operator. It will speed your call. "Long Distance" will be glad to supply numbers in principal cities on request.

The charges can be reversed.

A three-minute connection is allowed before "overtime" charges begin.

On calls within the state, if your party cannot be reached for reasons beyond the control of the Telephone Co., or your call is cancelled, a "report" charge is made.

Collect Calls

If the charges on the call you are placing are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.
